कर्णाली स्वास्थ्य विज्ञान प्रतिष्ठान

KARNALI ACADEMY OF HEALTH SCIENCES

जुम्ला, नेपाल

मिति: २०८३।०८।०७

सुचना ख.स. २०८३।०८४

यस प्रतिष्ठानमा आ.व. २०८३।०८४ मा अस्पताल अन्तर्गतका विभिन्न मेसिन तथा उपकरणको मर्मत संभारका लागी आवश्यक पर्ने तपशिलमा उल्लेखित सामाग्रीहरु खरिद तथा मर्मत गर्नुपर्ने भएको हुँदा सार्वजनिक खरिद ऐन २०६३ (संसोधित) को दफा ५ तथा नियमावली २०६४ (संसोधित) को नियम ११ वमोजिम लागत अनुमान तयार गर्ने प्रायोजनार्थ प्रचलित बजार मुल्यमा प्रति इकाई दररेट (मु.अ.कर बाहेक) यो सुचना प्रकाशित भएको मितिले ७ (सात) दिन भित्र दरभाउ पत्र यस प्रतिष्ठानको खरिद शाखामा पेश गर्नहुन सम्बन्धित सरोकारवालाहरुको लागी यो सुचना प्रकाशित गरिएको छ। साथै प्रचलित बजार मुल्य अन्तिम दररेट कायम हुने हुँदा सो मुल्यमा सामाग्री, ढुवानी, जडान खर्च लगायत समेत समावेश गर्नुपर्ने छ र आवश्यक सामाग्रीको स्पेसिफिकेशन यसै साथ संलग्न गरिएको व्यहोरा अनुरोध छ।

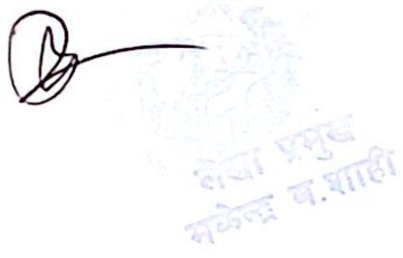
तपशिल,

आ.ब. २०८३।०८४ मा मर्मत तथा संभारका लागी आवश्यक पर्ने तपशिलमा उल्लेखित उपकरण तथा सामाग्रीहरु यस प्रकार छन् ।

S.N	Equipment Name	Company/Model	Warrenty Status	Qty.	Identified Problem .	Specification	Remarks
1	Anesthesia Machine	Mindray Wato EX- 35	Out of Warrenty	1	Power supply Board system Damage. -Internal backup battery completely dead. -General servicing and preventive maintenance required.	OEM-compatible power supply unit suitable for the offered anesthesia machine, with appropriate voltage, current and protection ratings. -The replacement power supply must be fully compatible with the existing machine. -The replacement battery must provide backup operation as per the original manufacturer's specification. -Battery charging and backup performance must be tested after installation. -The service provider must check the power supply circuit and identify the root cause of failure. -Must provide at least 6 month of warrenty after installation	आधिकारिक विक्रेता वा आधिकारिक एजेन्ट वा आपुर्तिकर्ताको प्रमाण पत्र पेश गर्नुपर्ने ।
2	Anesthesia Machine	Meditec England, Neptune Plus	Out of Warrenty	1	Internal gas/air leakage in the anesthesia machine. -Machine requires detailed inspection and leakage correction.	All leakage points must be identified and corrected. -Leakage testing must be performed according to the manufacturer's service procedure. -The machine must pass all relevant safety and functional tests before being handed over to the hospital. -Must provide at least 6 month of warrenty after installation	आधिकारिक विक्रेता वा आधिकारिक एजेन्ट वा आपुर्तिकर्ताको प्रमाण पत्र पेश गर्नुपर्ने ।

3	Ventilator	Bellavista-1000	Out of Warrenty	2	.Blower assembly damaged. .Internal battery completely dead. .Preventive maintenance kit required. .General servicing and calibration required.	The blower assembly must be compatible with the existing Bellavista ventilator model. -The blower must operate within the manufacturer's specified performance parameters. -PM kits must be original or manufacturer-approved compatible kits. -Batteries must support the manufacturer's specified backup duration. -All ventilator operating modes and alarms must be checked after repair. -Must provide at least 6 month of warrenty after installation	आधिकारिक विक्रेता वा आधिकारिक एजेन्ट वा आपुर्तिकर्ताको प्रमाण पत्र पेश गर्नुपर्ने ।
4	Ortho Power Drill System	SYNTHES/ TRS Modular Drill	Out of Warrenty	2	Rechargeable batteries are completely dead and unable to maintain operational backup.	Battery Voltage: As per the original equipment manufacturer's specification. -Battery chemistry: Li-ion, NiCd or other chemistry as applicable to the existing drill model. -The battery must be suitable for surgical use and compatible with the existing charger. -The supplier must inspect the existing Synthes drill and submit the exact battery model, part number, voltage, capacity and compatibility details before supply. No universal or modified battery will be accepted. -Must provide at least 6 month of warrenty after installation	आधिकारिक विक्रेता वा आधिकारिक एजेन्ट वा आपुर्तिकर्ताको प्रमाण पत्र पेश गर्नुपर्ने ।
5	Portable Ventilator	Phillips Triology evo	Out of Warrenty	4	Required accessories	All accessories must be compatible with the existing Philips ventilator model. -Sensors must provide accurate and stable flow measurement. -Accessories must be new, unused and supplied with appropriate manufacturer identification. -Breathing circuits must be suitable for the intended patient category. -Must provide at least 6 month of warrenty after installation	आधिकारिक विक्रेता वा आधिकारिक एजेन्ट वा आपुर्तिकर्ताको प्रमाण पत्र पेश गर्नुपर्ने ।

6	250 kVA Kirloskar Generator		Out of Warrenty	1	Engine Repair and servicing	**Complete engine servicing including engine oil and filter replacement, fuel filter replacement, air filter cleaning, radiator/cooling system inspection, lubrication system checking and operational testing.** - Supply of required engine spare parts including valve pair (6), valve seal (12), cylinder head gasket (6), cylinder liner assembly (6), C.R. bearing (1), main bearing (1), piston (6), standard piston ring set (6), lubricating oil pump assembly (1), thermostat element (2), water pump sub-assembly (1) and joint/gasket set (1), as per the provided part numbers and engine compatibility. - Complete engine dismantling, replacement of defective parts, engine reassembly, adjustment, lubrication, coolant filling, starting test, load performance test and submission of service report. *- Minimum 6 months warranty after completion of repair and servicing,*	आधिकारिक विक्रेता वा आधिकारिक एजेन्ट वा आपुर्तिकर्ताको प्रमाण पत्र पेश गर्नुपर्ने ।
7	125 kVA Kirloskar Generator		Out of Warrenty	1	Starting batteries are dead and oil	Supply and replacement of 2 compatible heavy-duty generator starting batteries with suitable voltage and Ah capacity, and 1 compatible engine oil pressure sensor/switch, including installation, terminal cleaning, wiring checking and functional testing. - *Minimum 6 months warranty after completion of repair and servicing*	आधिकारिक विक्रेता वा आधिकारिक एजेन्ट वा आपुर्तिकर्ताको प्रमाण पत्र पेश गर्नुपर्ने ।



8	AC System 1 .5 Ton (CG & Midea Company)		Out of Warrenty	31	require servicing, preventive maintenance and gas checking.	**Complete AC servicing of 31 units including indoor/outdoor unit cleaning, evaporator and condenser coil cleaning, blower cleaning, drain pipe cleaning, electrical inspection, refrigerant pressure checking, leak checking, and replacement of necessary servicing consumables such as cleaning materials, insulation tape, drain materials and minor electrical connectors.** - Supply and replacement of required AC components including compressor (2), master PCB (5), inverter PCB (1), R32 refrigerant (1 cylinder), R410A refrigerant (1 cylinder), 1/2-inch nuts (4), 1/4-inch nuts (4), 3/8-inch nuts (4), pipe insulation (10 meter), 1/2-inch copper pipe (1 roll), 3/8-inch copper pipe (1 roll), 1/4-inch copper pipe (1 roll), compressor oil (2), contactor (2), capacitor (2), room and coil sensor sets (2), master remote controllers (2) and four-way reversing valve (1), including installation and testing where applicable. - *Minimum 6 months warranty after completion of repair and servicing,*	आधिकारिक विक्रेता वा आधिकारिक एजेन्ट वा आपुर्तिकर्ताको प्रमाण पत्र पेश गर्नुपर्ने ।
9	Water Pump Motor		Out of Warrenty	2	repair and servicing.	Complete inspection and repair of existing water pump motor, including dismantling, cleaning, checking of stator winding, rotor, shaft, bearings and terminal connections.	आधिकारिक विक्रेता वा आधिकारिक एजेन्ट वा आपुर्तिकर्ताको प्रमाण पत्र पेश गर्नुपर्ने ।
10	Laundry Machine / Hydro Extractor		Out of Warrenty	1	3 HP motor requires repair and rewinding.	Complete repair and rewinding of 3 HP, three-phase motor, including dismantling, removal of damaged winding, copper wire rewinding, insulation materials, varnishing, baking, reassembly and electrical testing.	आधिकारिक विक्रेता वा आधिकारिक एजेन्ट वा आपुर्तिकर्ताको प्रमाण पत्र पेश गर्नुपर्ने ।
